URBAL : URBAN-DRIVEN INNOVATIONS FOR SUSTAINABLE FOOD SYSTEMS

Difficulté : facile

urbal

Urbal primarily focuses on urban food systems and research on all dimensions of sustainability. Urbal
 maintains a research agenda on a variety of urban food systems that address one or more of these sustainability dimensions. Urbal focuses on innovations that include

Urban food systems, ways to bring fresh food to urban areas, food for a healthy and
 new practices use innovations to bring about change. Urbal co-produces knowledge about
